

EXPRESSION OF INTEREST (EOI)

Establishment of Donkey Semen Production Unit

The Punjab Livestock & Dairy Development Board (PLDDB), a public sector company established under Section 42 of the Companies Act, 2017, owns and manages a livestock farm at Khizerabad, District Sargodha, comprising approximately **1,660 acres** of land. PLDDB currently maintains a diversified livestock population, including a substantial herd of cattle, sheep, and goats, along with supporting infrastructure.

PLDDB seeks to enhance genetic quality and productivity of donkey populations through modern reproductive technologies.

2. Project Objective

To establish a donkey semen production and processing unit for controlled breeding and dissemination of high-quality semen to increase productivity and genetic improvement.

3. Scope of the Project

- Establishment of semen collection, processing, and storage facilities
- Selection and management of elite breeding stock
- Cryopreservation and quality assurance
- Distribution and dissemination network
- Compliance with veterinary and biosecurity standards

4. Mode of Participation

PLDDB invites EOIs from interested parties for joint venture / investment / PPP arrangements, wherein PLDDB can provide land, existing infrastructure (ownership vested with the PLDDB), and facilitation, while the partner may provide investment, technical expertise, market access, and operational management.

5. Eligibility Criteria

- Proven expertise in artificial insemination / semen production
- Availability of qualified veterinary and technical staff
- Financial and operational capacity
- Registered companies

6. Submission of EOIs

Interested parties may submit their Expressions of Interest along with:

- Company profile
- Relevant experience
- Financial capability
- Proposed partnership model

EOIs with the requisite details should be submitted to PLDDB, 18 KM Shahpur Kanjran, Multan Road, Lahore till 05th March, 2026.
